

**Argo**  
**ABCDEFGHIJKLMNO P Q**  
abcdefghijklmnopqrstuv

**Argo**

Argo is a robust and distinctive typeface which is often used for headlines and on signs. It can, however, also be used for ordinary text.

**Documenta**  
**ABCDEFGHIJKLMNO P Q**  
abcdefghijklmnopqrstuvw x

**Documenta**

Documenta is a classic, reader-friendly serif typeface which is typically used for professionally printed material with large amounts of text

**Verdana**  
**Arial**

**Verdana and Arial**

Verdana and Arial are used in laser printed material only. If Verdana is unavailable, it can be substituted by Times New Roman.

**How to get the fonts**

Documenta and Argo can be ordered online from the Dutch Type Library at: [www.dtl.nl](http://www.dtl.nl)

The recommended basic font sets are:
